Presidents Report for 3 August 2016

Last week we had a good number for the night, even though many are away from the cold Melbourne weather. A very unusual sick member was Roger who never gets sick and was due to head north the next day. I hope you are feeling better Roger. We welcomed our AG Carol Shaw and our RYLA attendees Caitlyn Quinn and Netania Lim. Also 2 Team Leaders Shane and Tegan. Shane is an up and coming Shot-put champion. We also welcomed Caitlyns dad Phil and Netanias mum Ivy and dad David and sister Jess who is also keen to be part of the new Interact team at Mt. Waverley college. The girls gave a wonderful talk about their time at the RYLA camp and it shows what a great Rotary project it is. Next week our own member Glen is going to talk to

us about Banking, maybe some hints on how to beat the ever present bank charges. Keith.

DISTRICT MEMBERSHIP SEMINAR

D9810 Membership Workshop Thank you

What do Minions, the film Despicable Me 2, Pharrell Williams and Rotary D9810 have in common? Well the Minions were up to their shenanigans dancing to Pharrell William's "Happy" (a #1 single and theme from Despicable Me 2) and "greeted" 110 Rotarians as they arrived at last Friday's Membership Seminar!

The "modern Rotary" scene was set for this year's event, and representatives from 80% of the Club's in our District were there to hear "the how" to go about attracting more people to [make Rotary the "volunteer organisation of choice"](#) and join us make even more of a difference in our community and around the world.

Our speed dialogue session was outstanding. Everyone engaged to the extent that we have so much feedback that it will take a week or so to collate! Watch this space. From all accounts, there was something for everyone, and a number of Club's have expressed their appreciation with clear "can do" messages.

Here's a summary of some of the key lessons they took from the evening:

1. Meetings need to be interesting, informative and not too bogged down in bureaucracy.
2. Whilst it is important to "balance the books", the essential truth is that without attracting new members over time we won't need to worry about fees, as there won't be any members to pay them.
3. A planned mentoring program to welcome new members, and retain them, is essential.
4. Create a clear sense of belonging with shirts, caps and other marketing tools add to the team feeling.
5. Whilst we need younger members, there are lots of 'not-so' young people who are enthusiastic, experienced and have time, just waiting to see what we do and to be asked!
6. We have to embrace public relations and social media in all its forms to advertise to our local community, including younger people.
7. That our Club needs to reflect the make-up of their community.
8. We need to be more visible in our community with relevant projects. People will want to join when they actually see what we do!
9. The undeniable truth from the Rotary Club of Frankston is that they lifted membership from 39 members to a possible 65 members which means that their strategy works.
10. That everybody in the Club is responsible for the Club vibe and membership drive.

There was also a great question of the "Frankston guys" regarding how they funded one particular membership strategy. They have since confirmed that they apply the proceeds of "fun fines, and table raffles and other creative ideas" that their existing members know will be invested into the Club's future.

Our Drop Box folder is full of goodies ready for club use. If you can't see it, let us know. We wish everyone well as you work together on our #1 project for the year - Membership! Please send your success stories to Russell so that we can share what is working with everyone.
